Description

EN
Classic mid-1970s river launch with the distinct maintenance advantage of a GRP hull and a recent 2022 Honda 15hp outboard with remote steering. With sleek lines, and early example of a semi-displacement hull, this boat will be particularly well-suited to the inland waterways such as the Norfolk Broads, Thames and many other rivers and estuaries that we are lucky enough to enjoy. She seats four in comfort with each passenger afforded an individual padded seat with backrest. There is additional occasional bench seating to the sides. The cabin is protected by a short windscreen. At the simple and fuss-free helm, there is a fairly new Raymarine Dragonfly 5 sonar chartplotter. The boat comes with an unbraked trailer, and a well made, tailored full boat cover.

Deck: Tailored full boat cover. Mooring cleats. Hand rails. Fenders and ropes. GRP hull. 2x wooden paddles.

Cockpit: 4x Cushioned seating with backrests. Bench seating to the sides. Windscreen with dash and engine controls.

Electronics: Raymarine Dragonfly-5 fish finder sonar chartplotter. Battery isolator.

Machinery: Honda BF15 LRTU outboard with remote steering.

2 wheel unbraked roller trailer with jockey wheel and winch.
