The Cranchi Mediteranée 41 is a classic Italian thoroughbred from a family firm with almost 150 years' experience of building quality boats. This 41 foot sports cruiser can comfortably accommodate a family or guests for an overnight or weekend stay in a spacious owners cabin and guest cabin with twin bunk berths. There is ample space above and below deck for up to 12 people, making the Cranchi Mediteranée 41 an ideal boat for a party. A very large swim platform provides space for watersports activities and is big enough for a tender. The Mediteranée 41, with its qualities of space, performance and excellent sea keeping abilities, has been a long-running success story for Cranchi, making it an excellent second-hand purchase.

The Cranchi Mediteranée 41 is a sports cruiser with excellent performance characteristics and a cruising range of around 400 nautical miles at high speeds. A sharp entry deep-vee hull gives the boat excellent handling ability and stability. The boat's weight contributes to a smooth ride over rough water, while twin Volvo Penta TAMD63P High Performance diesels offer brisk acceleration.

Besides being well groomed, smart and having a first-class finish, the Cranchi offers a consular ride.

Like many Italian flights of fancy, the Mediteranée 41 bows to fashion, finish and go-fast performance. But, unlike a lot of Italian boats, this 41-footer also works from a practical perspective.

In the middle of all of this industry, design talent, craftsmen, and taste, are several boat builders producing, not surprisingly, the world's most elegant and refined small boats. One of the best amongst them is Cranchi.

For a classy Italian stallion with all the goodies like this Cranchi 41, that's definitely good value for money

This Cranchi 41 Mediteranée is certainly the best equipped example on the market today. A 4Kw marine diesel genset, bow thruster, heating, air conditioning and many more features.

This end 1999 built and 2001 delivered Cranchi must be seen!

Dimensions

- Length: 12.90m
- Hull length: 12.11m
- Beam: 3.80m
- Keel draft: 0.73m
- Air draft: 2.85m
- Propeller draft: 0.95m
- Empty weight: 8250kg
- Full loaded weight: 10470
- Fuel: 880L
- Fresh water: 400L plus boiler 30L
